

Body-Gard®

Environmental Protection Program

What is Body-Gard?

The Body-Gard Environmental Protection Program is designed to extend the life of the vehicle by offering protection for the vehicle inside and out with rust, paint and upholstery protection products. For peace of mind, the program is backed by a lifetime warranty for new vehicles.

Extend the life of your vehicle.

Body-Gard Features

Body Panel Protection

- Penetrates seams and crevices where rust begins
- Prevents moisture from attacking even the most recessed, vulnerable metal body panels
- “Drill-free” application process
- Available for new and pre-owned vehicles

Underbody Protection

- Seals out moisture and protects the bottom of the vehicle from damage due to gravel, dirt, and road salt
- Helps provide a sound barrier for a quieter ride by dampening vibrations

Paint Protection

- Keep out road salt and dirt
- Protect against pollutants such as bird droppings and tree sap
- Block out the sun’s powerful ultraviolet rays
- Lock in the “new car” shine

Upholstery Protection

- Makes upholstery easier to clean
- Protects against spills and stains
- Helps retain the natural texture and appearance

Extra-Care Protection

Further protect the vehicle with our Extra-Care Protection. It includes:

- Surface Rust Protection
- Rip Tear & Burn Protection

This optional upgrade complements the standard Body-Gard Rust Protection with a 6-year warranty coverage on new vehicles. See Warranty Registration for details.
